In Their Words...

"I often reflect back on my time as a UCSD McNair scholar fondly. It gave me the support and ability to conduct research in a laboratory I could not otherwise have conceived of joining. The didactic component was very helpful for learning to formulate a question and to pursue answers in a productive manner. I often remember Dr. Artis' advice to continue seeking the ghost in the machine. As a first-generation college student coming from a non-traditional background, it was wonderful to join the McNair family and feel encouraged and guided; for me, I cannot conceive having met my accomplishments without this amazing support."

- Dr. Daniel Eskenazi, PhD/MD in Neurosciences and Behavior

Non-Professoriate PhD Career Trajectories

Air Pollution Specialist
 Assistant Dean of Students
 Associate Director of Academic Programs and Community Engaged Learning
 Associate Vice President for Student Life
 Business Development Director
 Director at [Pharmaceutical Company]
 Director of LGBTQIA Services
 Director of Neuroscience at [Consumer Industry]
 Director of Research at [Health Organization]
 Director of Strategic Initiatives
 Director of Supply Chain
 Economic and Financial Consultant
 Market Research Manager
 Nondestructive Evaluation Engineer
 Non-Profit Development Manager
 Operations Manager at [Research Institute]
 Policy Analyst
 Project Manager
 Regulatory Affairs Professional
 Scientist:

- Applications Scientist
- Applied Scientist
- Computer Scientist
- Data Curator
- Data Scientist
- Research Scientist

Psychologist
 Systems Engineer
 Technical Product Manager (R&D)
